1st Place at NorCal Basketball

On April 1st, our Corps traveled to McClatchy High School in Sacramento to compete in the NorCal Basketball competition. Ten teams competed for the championship in the winners bracket. The losing teams then faced off in the losers bracket.

This years game was closer then usual and competition was tough but with C/ Col. Hale's leadership, the team was able to come out on top. This was the 3rd year in a row for our Corps to place 1st.

However, it was not all about winning first place. Through teamwork and good sportsmanship, this team represented the CA-954 with gracious respect. They showed other corps our great Esprit de corps.

It is clear these values of respect and impressive communication as well as good leadership led the team to win first place.

As we wrap up NorCal Basketball, we would like to congratulate the team and wish them the best.

The NorCal Basketball team holds their 1st place awards

Service Before Self,
Excellence In All We
Do."

"Developing citizens
of character
dedicated to serving
their nation and
community."

Bataan Death March

On March 18, our Corps honored fallen troops in the Bataan Death March by walking 14 miles. Through this event, cadets commemorated the suffering the Filipino and American soldiers went through. Near the end of the event, cadets were tired and many had foot pains. There was even a case of heat exhaustion. However, our Corps pushed on with teamwork and encouragement. After successful completion, cadets received the Bataan Death March Memorial Hike Ribbon.

Quote from C/ Major Sharma

"After running a full 14 miles to honor those who were in the Bataan Death March with these outstanding individuals I think I can call them brothers. At times we had to carry each other and motivated each other. But at the end of the day we finished as one. We finished as a team. I can't imagine what those American and Filipino soldiers had to go through to march 70 plus miles for 7 days without food, water, or sleep. Their sacrifices for us shall never be forgotten."

CA-954 Visits Travis Air Force Base

On April 5th, our Corps got the unique opportunity to travel onto Travis Air Force Base and meet the men and women who protect our country. While there, juniors and seniors were shown activities our servicemen prepare for. Cadets tried on hazmat suits, held rocket propelled grenades and helped stop blood with a tourniquet on a dummy. After lunch, they toured multiple aircraft such as the C-5, C-17 and the KC-10. They were even allowed to sit in the cockpit. Cadets got the opportunity to talk with active duty service members and learned about careers in the Air Force.

"It was a fun ROTC field trip! We saw some super cool careers & some super cool planes!"
