What is a typical day like for a school bus driver?

The Rocklin Unified School District provides school bus transportation for both general and special education students. Drivers arrive early in the morning to do a safety check on their bus before beginning their route. The typical hours of work are from 6:00 a.m. to 8:45 a.m. and then break until children get out of school. Then drivers return to work and are on duty from approximately 1:30 p.m. to 4:30 p.m.. The morning and afternoon route(s) can last from two to three hours each. Typically, a driver will begin as a substitute, filling in for drivers who are out sick or off work for other reasons. As permanent positions become available, substitutes are usually first in line to fill the vacancies. We currently have several available permanent routes for qualified applicants.
