Re: Notice Regarding the use of Camera Security/Surveillance on District School and Operations Property

Dear RUSD families and staff,

The Board of Trustees for the Rocklin Unified School District is committed to providing a school environment that promotes the safety of all students, employees, and visitors to District facilities and school campuses. The Board also recognizes the importance of protecting District property, facilities, and equipment from vandalism and theft. This letter (in accordance with Board Policy 3515) is to inform you of the use of campus security/surveillance equipment at all District schools and facilities.

The Rocklin Unified School District worked diligently with the RUSD Safety Committee as well as other local authorities, including the Rocklin Police and Fire Departments. This project was funded with one-time monies received from the state that the Board of Trustees allocated for safety.

For the safety of students, staff and visitors, the Rocklin Unified School District employs camera security/surveillance equipment for security purposes. This equipment may or may not be monitored at any time. Surveillance cameras will be utilized only in public areas where there is no “reasonable expectation of privacy.” Public areas may include building entrances; parking lots; front offices where students, employees, and parents come and go; and common areas. However, it is not possible for security/surveillance cameras to cover all public areas of District buildings or all District activities. District security/surveillance cameras will not be installed in “private” areas such as restrooms, locker rooms, changing areas, private offices or classrooms.

Pursuant to District Board Policy 3515, the District uses security/surveillance cameras on District campuses. The recordings from the surveillance cameras may be used in student disciplinary proceedings and may be referred to the local law enforcement, in accordance with District Board Policies and applicable laws and penal code regulations.

For more information, please contact your school’s principal.
