School Description

Antelope Creek Elementary opened in 1992 and is one of sixteen schools in the Rocklin Unified School District. The school serves students in grades kindergarten through sixth grade, with an enrollment of approximately 500 students. In addition, the campus is home to two of the Transitional Kindergarten classrooms available to students in the district. The school is located in the center of a dynamic and supportive community which expresses its values toward education through a high level of participation. It was named a California Distinguished School in 2010.

Antelope Creek Elementary School's staff, students, and parents make up an exemplary community of learners. The focus is on the development of lifelong skills in a caring, dynamic environment which fosters self-esteem and individual development. A great deal of value is placed on the many ways to approach learning and the different experiences and opinions each person brings to the learning process. The staff recognizes that making learning meaningful to the student enhances the learning. Therefore, subjects are presented in thematic or integrated units whenever possible. Along with the academics, emphasis is also placed on the development of student responsibility and initiative through the Leader in Me curriculum on campus.

Parents play an important role at the school through active participation and involvement in School Site Council, PTA and district committees. They share information with classes about professional lives, teach special skills (art, music, and sports), work on school or playground improvements, conduct fund-raisers, and make donations. Parents regularly volunteer their services in the classrooms. The school has become a focal point in the community and our facilities are used frequently by our community groups.

School Mission Statement:

The mission of Antelope Creek Elementary, a collaborative community where diverse strengths, abilities and gifts are celebrated, is to develop life-long learners and leaders and to foster academic success through a system distinguished by:

- A safe and welcoming environment
- Partnerships between staff, students, parents and community
- Growth and self-confidence through leadership opportunities
- Innovation in teaching and learning

School Motto:

Together We Learn,
Together We Lead.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

Antelope Creek is located in a beautiful setting on nine acres. A focal point of the school is the centrally located courtyard with an outdoor stage. The multipurpose room hosts a basketball court and a stage with full lighting and sound equipment. The library houses a growing collection of 8,000 books, a computerized library checkout system, and a four-station computer reference area. The thirty-station computer lab and the computers in the library, classrooms, and administration building are all linked by a fully networked computer system. All K through 6th grade classrooms have been upgraded with Smart Classroom Technology.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. District maintenance ensures that the repairs necessary to keep the school sites in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

2015-16 CAASPP Results by Student Group Science (grades 5, 8, and 10)				
Group	Number of Students		Percent of Students	
	Enrolled	with Valid Scores	w/ Valid Scores	Proficient or Advanced
All Students	61	60	98.4	86.7

Socioeconomically Disadvantaged	22	22	100.0	90.9
Students with Disabilities	11	11	100.0	54.6

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Science	69	87	83	82	60	56

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parental involvement is available through our school's Site Council, Parent-Teacher Association, field trips, and general classroom volunteering. Our PTA has monthly meetings and they provide many enrichment opportunities, donations, and assistance with general school improvements. The office coordinates parent volunteers who are welcomed into all aspects of the school day and who are active in helping on campus. These opportunities include: helping in the classroom, field trips, picture day, and special school events. Emphasis for the past two years has been placed on presenting our students with more enrichment activities. Parents in the community have stepped up to get involved with these after school clubs by volunteering their time and leading groups in activities like drama, coding, and sports. Antelope Creek has also made a concerted effort to evaluate and enhance both our internal and external forms of communication to increase parental involvement. Two examples would be our new school application which contains community information and allows for push notifications and our new virtual backpack which was launched this year. The goal is to continue to upgrade these systems of communication to further increase involvement in the community.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

All schools in the district have a comprehensive School Safety Plan approved by the School Site Council. It includes an assessment of the current status of school crime, procedures to notify teachers of dangerous pupils, disaster procedures, child abuse reporting procedures, discipline rules and procedures, dress code, policies regarding suspension/expulsion, sexual harassment policy, procedures for ingress and egress. It also includes an action plan for the implementation of the plan. Antelope Creek is a Leader in Me school and has also launched Positive Behavioral Intervention Supports on campus. Antelope Creek students are consistently acknowledged for their positive behaviors and are regularly taught behaviors using our acronym CARES (Courteous, Achieve goals, Responsible, best Effort, Safe) in all areas of the campus. Another focus area for staff has been on supporting students from a social emotional perspective. Over the past several years we have built a multi tiered system of support to address the behavioral and social emotional needs of our students alongside our academic program. This includes both individual and group social skills instruction, individual and group emotional supports, and a purposeful effort to create a connection to their school through enrichment programs, leadership opportunities, and special events.

The Safe School Committee and School Site Council has been responsible for assessing and implementing procedures that promote student safety. The Safe School Plan focuses on increasing student and staff awareness of bullying behaviors and strategies to deal with bullying, and opportunities to consistently reinforce procedures, school rules, and recognize positive student behaviors. We review safety issues regarding crisis response, implementing drills at recess, and planning for a school wide evacuation drill. This plan is also completed in consultation with local emergency response agencies and is updated on an annual basis.

Professional Development provided for Teachers

The Rocklin Unified School District is committed to high quality professional development that meets the needs of the staff aligned to the established Rocklin Unified Strategic Plan. The focus of our Professional Development is the following: a continuous development and commitment to Multi-Tiered System of Support; a commitment to research-based effective instructional practices and intervention strategies; also ensuring that all students are provided the necessary skills and prerequisites to meet post-secondary goals; and to ensure all students meet College and Career Readiness Standards.

Special Education, LCAP Supplemental, Title I, transportation, instructional materials, staff development, intervention classes, core K-12 classes, Gifted and Talented Education (GATE) & Career Technical Education (CTE).

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
