2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Rocklin Alternative Education Center (RAEC) is an Independent Studies based school which offers California State Standards Based Curriculum for students in grades 7-12 culminating with a high school diploma. The RAEC curriculum and instruction is tailored to meet the individual needs of its students by providing choice, variety and flexibility. Student instruction and assessment is provided, and progress is monitored, by fully credentialed teachers.

The School's founders believe that a well-educated person in the 21st century possesses the knowledge and skills to succeed as effective citizens, workers, and leaders. They should be able to see connections so as to be able to make sense of the world and act within it in creative ways to purposely communicate, problem solve and disseminate information.

MISSION STATEMENT:

The mission of Rocklin Alternative Education Center, a unique, innovative, and collaborative 7-12 educational community, is to ensure our students become academically, socially, and emotionally balanced, discover their passion for lifelong learning, and thrive individually.

Rocklin Alternative Education Center is distinguished by the following:

- Academic rigor with flexible pathways for college and career readiness
- Highly qualified staff dedicated to identifying and addressing individual student needs
- Friendly, safe, small classroom environments
- Recognition and celebration of our students' unique potential

VISION STATEMENT:

Rocklin Alternative Education Center will build a community of active learners in grades 7-12 by providing pathways for students to succeed in higher education, enter the workforce, and be a valued community member. Rocklin Alternative Education Center will enable students to become competent, self-motivated, lifelong learners by providing a student centered environment in which all students will be held to high academic and behavioral standards, and will work in collaborative relationships, both within and beyond the school.

2022-23 School Overview

ESLR's: Expected School-Wide Learning Results

We believe that all students graduating from Rocklin Alternative Education Center will be prepared to meet the demands of today's society by demonstrating mastery of the Expected School-wide Learning Result's (ESLR's). Rocklin Alternative Education Center will prepare students to become:

Self-Directed Life- Long Learners who:

- Set and achieve goals.
- Self-evaluate and revise in the process of achieving goals.
- Demonstrate self-respect by developing a strong work ethic towards personal & academic goals.

Critically Thinking Problem Solvers who:

- Develop problem-solving strategies.
- Distinguish fact from opinion.
- Connect ideas across subject matters to accomplish meaningful tasks.
- Collect and interpret information for meaningful writing assignments.

Academic Achievers who:

- Exhibit proficiency in Reading, Writing, and Math.
- Demonstrate the ability to read, write, and listen reflectively and critically.
- Write and speak with confidence and clarity to a diverse audience.

Technologically Literate who:

- Proficiently use computers and commonly used production software.
- Explain the application of technology in different disciplines.

Valued Community Members who:

- Understand the role and responsibilities of a citizen.
- Demonstrate knowledge of human diversity and understand the importance of individual differences.
- Exhibit respect towards peers, adults, and the community.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)

Total Teaching Positions						

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Rocklin Alternative Education Center is located at 3250 Victory Drive. This beautiful facility opened in January 2000. Students and staff take pride in the appearance of our school, and our lead custodian works to ensure that our campus is always clean and safe. The district maintenance and grounds crew also pay regular visits and make inspections at our campus. All visitors to the campus are required to sign-in in the administrative office.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. District maintenance ensures that the repairs necessary to keep the school sites in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

Mathematics (grades 3-8 and 11)	N/A		N/A		N/A	

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Rocklin Alternative Education Center administration meets with every parent by way of a mandatory Informational meeting. Teachers meet individually with parents once per week, either virtually or in-person as well as providing opportunities for parents to participate in class and at off-site activities. For more information please contact the main office at 916-632-3195.

C. Engagement

State Priority: Pupil Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

All schools in the Rocklin Unified School District have a Comprehensive School Safety Plan approved by the School Site Council. It includes an assessment of the current status of school crime, procedures to notify teachers of dangerous pupils, disaster procedures, child abuse reporting procedures, rules and procedures on school discipline, school wide dress code, policies regarding actions which would lead to suspension/expulsion, sexual harassment policy, procedures for the safe ingress and egress of pupils, and other safe school strategies and programs. It also includes an action plan for implementation.

Our Safety Plan is updated each January or February of the school year based on feedback from District personnel, staff discussions and the School Resource Officer as well as lessons from prior experiences. The Safety Plan, specifically the procedures on school discipline, disaster protocol, and harassment are reviewed with the staff each August prior to the start of the school year (with three emergency drills scheduled before the end of October and a variety of drills scheduled every other month throughout the year). Documentation is collected following each drill and reviewed by the Emergency Response Team. If necessary, enhancements to those procedures are made based on feedback. This year's Comprehensive School Safety Plan will be presented by Principal Skott Hutton on January 25, 2023.
