Joint Communication
RTPA - RUSD Negotiations

RTPA: Joseph McLean, Travis Mougeotte, Dee Torrington, Colleen Crowe, Allison Moores, Jeremy Miller, Emily Thomas

RUSD: Anthony Limoges, Matt Murphy, Michelle Cannon, Marty Flowers, Bill MacDonald, Amanda Makis.

The Rocklin Teachers Professional Association (RTPA) and the Rocklin Unified School District (RUSD) are pleased to announce that an Addendum to the March 16 Memorandum of Understanding (MOU) has been reached regarding the school closure related to COVID-19. This Addendum is aimed at meeting expectations for a new phase of distance learning for an extended period of school closure and continuing to ensure the safety of all stakeholders.

With this Addendum, the District and RTPA have acknowledged that vulnerable groups and people with extraordinary circumstances will require flexibility during the school closures and any site meetings requested by leadership. We encourage you to communicate directly with site administration to best accommodate these needs.

Please take time to read through the attached Addendum so you can familiarize yourselves with the language and all information provided.

Additionally, we have included attachments which provide guidelines for the continuity of learning at both the elementary and secondary levels. These documents outline instructional expectations for teachers, as well as expectations for students, instructional coaches, and administrators.

Both RTPA and RUSD will continue to communicate and collaborate as additional information at the national and state level becomes available.
