- 12.4 HOLD PUBLIC HEARING AND ADOPT THE 2012-13 BUDGET AND ANNUAL CERTIFICATION FOR WORKERS' COMPENSATION CLAIMS Associate Superintendent Barbara Patterson presented and reviewed the 2012-13 Budget including multiyear projections and the estimated reserve for Workers' Compensation claims. The following points were noted:
  - ✓ Whether the Governor's tax initiatives pass or not, districts will only gain the
    absence of further budget cuts
  - ✓ Despite the state's claim that Proposition 98 funds are growing, many local school districts are making massive cuts and affirming layoffs
  - ✓ The Legislature passed a budget on June 15; however, several trailer bills necessary to complete the budget have yet to be written, heard, finalized, or submitted to the Governor
  - ✓ If the tax initiatives fail, the District will be able to meet its financial obligations in 2012-13 if the funding cuts are not much greater than \$441 per Average Daily Attendance (ADA), but we will need to borrow cash (\$68 million to pay employees and vendors)
  - ✓ Budget reductions of approximately \$5.5 to \$7.5 million must be made in 2013-14 in order to remain financially solvent based on current budget assumptions
  - ✓ Worker's Compensation base rate decreased .6% for fiscal year 2012-13
  - ✓ The total budgeted for amount for Workers' Compensation in the general fund is \$675,541
  - ✓ The District is fortunate in that it can borrow Mello Roos funds, if necessary
  - ✓ The Governor is expected to sign the budget into law by July 1 and the District will
    then be required to adopt any revisions to its budget to adjust to the adopted state
    budget within 45 days

President Maben opened the public hearing at 8:06 p.m. and there being no comments from the public regarding this item, the public hearing was closed at 8:07 p.m.

For a complete summary, please see Exhibit A attached hereto and made part of these minutes. In conclusion, a **MOTION** was made by Wendy Lang and Todd Lowell to approve the 2012-13 Budget and Annual Certification for Workers' Compensation claims. Motion passed unanimously.

### 13.0 **INFORMATION AND REPORTS**

13.1 **DATAWISE OVERVIEW** – Carolyn Nunn-Lum, Director of Elementary Programs, provided an update on the Datawise program which has been in use by the District since 2005. Educators use Datawise to analyze assessment scores (CST, API, CAHSEE, District benchmarks) and generate many specific reports (Gains, Compare My Class, Student Profile, Target Areas, K-6 Report Card, etc.). With its ability to filter and analyze data, the capabilities of Datawise are endless. Recently, Datawise contracted with Measured Progress to address the assessment requirements of the Common Core State Standards.

Trustees expressed concern that Datawise is a program that is primarily utilized by elementary educators. There may be several factors that have led to this, including a difficult initial implementation and training period when the program was first introduced in 2005. Superintendent Brown stated that the District has in fact looked at other programs and has not found anything that is more impressive or as cost-effective. Datawise has improved and the District plans to provide staff development and support to the secondary staff as they continue to seek alternatives.

- 13.2 **2013-14 SCHOOL YEAR CALENDAR** At a previous Board of Trustees meeting, Assistant Superintendent Michael Garrison announced that the District will begin presenting school year calendars two years in advance. Working closely with the Calendar Committee, a 2013-14 School Year calendar has been created and was presented for review. This calendar will be presented for adoption at a future meeting.
- 13.3 STATUS OF CURRENT FACILITY AND CONSTRUCTION PROJECTS Sue Wesselius, Director of Facilities and Maintenance, reviewed the "Status of Current Facility Projects" as included in the Board packet. The HVAC replacement and re-roofing work at Rocklin High School began on June 11. In addition, employee Renee Caballero applied for and received a grant in the amount of \$10,468. These funds will be used to add a concrete pad under the bleachers at Granite Oaks Middle school and any remaining funds will be used for safety repairs for the Rocklin High School softball fields.
- 14.0 **PENDING AGENDA** No items were added to the Pending Agenda.
- 15.0 <u>CLOSED SESSION</u> The Board adjourned to closed session at 9:35 p.m. regarding the following matters:
  - 15.1 Conference with Legal Counsel Existing Litigation as authorized by Government Code section 54956.9 (Placer Superior Court Case No. SV0027932)
  - 15.2 Conference with Real Property Negotiators as authorized by Government Code 54956.8. (Rocklin High School)

### Rocklin Unified School District 2012-13 Adopted Budget

June 20, 2012

Presented by Barbara Patterson

### No New Funding for Schools

- Despite claims of:
  - \$6 billion more for schools!
  - 16% increase for schools!
- Our district, our schools, our classrooms do not get one more dime whether the Governor's taxes pass or not!
- Our gain is the absence of yet another cut
- The public is confused
  - The state says Proposition 98 is growing
  - But many local schools are making massive cuts and affirming layoffs
- The state has not provided a single new dollar to local schools since 2007-08

### State Budget - Where are we?

- The legislature passed a budget on June 15th, but...
  - About a dozen budget trailer bills necessary to complete the budget have not been written, heard, finalized or submitted to the Governor yet.
  - No agreement reached yet between the Governor and the Legislature
  - Comments from some educational organizations:
  - "Given there is still disagreement, some have suggested that Governor Brown could veto this Budget as well, or the Legislature may hold the bills until budget differences are resolved. Regardless, the Legislature will still need to finish its work on the 2012-13 State Budget, including at least a dozen more trailer bills, including those affecting education. Democratic leaders Darrell Steinberg and John Pérez plan to continue negotiations with the Administration over the next several days to resolve outstanding issues and to hold hearings on the remaining trailer bills, to be finished by the beginning of the new fiscal year, July 1, 2012". Deve Heckler and Michael Béckley Underwood, School Services of California

### State Budget - Where are we?

- "The bill is now on its way to the governor's desk, though it remains to be seen, given the lack of a budget agreement with the legislative leadership, what action he will take". Jet Vec, CASQ.
- "While the 'main' budget bill was passed, the Legislature did not pass the usual package of 10 to 12 trailer bills that usually accompany the main budget bill. This includes the education trailer bill was also not included. There is some thought that Legislative leadership have not finished all of the negotiations with the governor which could result in a veto by Governor Brown". Adonal Mack, ACSA

### Risks to the Revised Budget Proposal

- The State Budget faces huge risks in 2012-13
- Voter approval of the Governor's tax initiative is uncertain at best
  - The latest poll found that about 52% of those surveyed supported the measure, a slim margin at this stage of the campaign
  - A competing measure sponsored by Molly Munger and the Parent Teacher Association (PTA) could confuse voters and draw support away from the Governor's initiative
- The Facebook IPO could fall short of expectations, resulting in a loss of General Fund tax revenue...currently is below projections
- Slow Economic Recovery Continues
  - B "For California, the UCLA Anderson Forecast indicated that the state will not reach the pro-recession employment peak of 15.2 million until 2015, an eight-year stretch. Even then the state's unemployment rate is projected to be 7.2%".

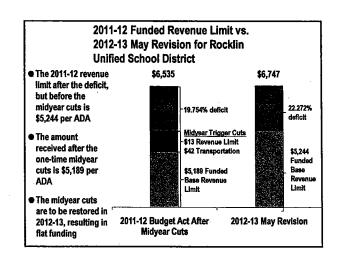

### What Should We Plan For?

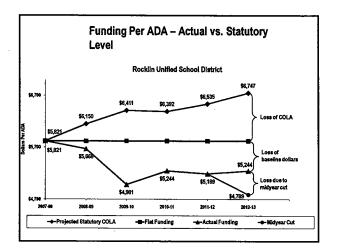

- If the Governor's tax initiative passes:
  - Flat funding remember, under this plan we get no new revenue other than ADA growth, but we don't take another cut
- If the PTA/Munger initiative passes, will need to be prepared to implement at schools
- If the Governor's tax initiative fails:
  - Plan to make a \$441 per-ADA cut on an ongoing basis
  - Hold on to reserves without the taxes, SSC expects the Governor to propose another cut in January 2013 to address the structural deficit
  - May Revision proposes school district authorization to reduce school year by up to a total of 15 days over the 2012-13 and 2013-14 school years – but, this must be negotiated

### If Taxes Fail...

- District will be able to meet its financial obligations in 2012-13 if the funding cuts are not much greater than \$441 per ADA, but will need to borrow cash
  - Will need to borrow approximately \$6.8 million in cash from other funds in the spring of 2013 to pay employees and vendors
- Budget reductions of approximately \$5.5 to \$7.5 million must be made in 2013-14 in order to remain financially solvent based on current budget assumptions

- This district belongs to Schools Insurance Group (SiG) and is self-funded for workers' compensation through this group.
