# Let's Code It Programming!

Winter 2020

Twin Oaks Elementary

GRADES 2–6

Ozobot Zone- The amazing Ozobot rolls, spins, zig-zags, dances and flashes a rainbow of colors, all at your command! This cross-curriculum course brings coding and robotics together. Write some code on your computer, and the Ozobot will act it out in front of you! Play fun coding games, challenge other robots to a race, and draw a colorful path for your Ozobot to follow. This pint-sized but powerful robot will be your partner in learning as we gain skills in logic, storytelling, sequencing, and problem-solving. Each student will receive an award on the last day of the session, and will have the opportunity to earn Code Belts to demonstrate their learned skills!
