# TK-Kindergarten Registration Begins the RUSD Educational Journey of Success

I remember the days I dropped each of my four children off at kindergarten for the first time, watching them walk into the classroom and begin their educational journey. As a parent, this is a milestone we cherish, so I was pleased that nearly 500 families joined Rocklin Unified School District to celebrate our second annual TK/Kindergarten Round Up event.

Round Up is an informational meet and greet for families, giving them the opportunity to register in-person, receive answers to

their questions and learn more about our outstanding TK/K programs. At RUSD, our kindergarten classes are full-day, offering busy families more flexibility in their schedules while providing students with increased exposure to quality curriculum, excellent instruction from dedicated staff, visual and performing arts (VAPA), and so much more.

Our kindergarten students have the opportunity to learn that movement can help you grow through our physical education program. With our small class sizes, students receive the individual attention they deserve as they learn how playtime can translate to big time learning. RUSD offers specialized programs to fit every child's needs including Special Education and our English Learners program.

At this year's event, I had the pleasure of meeting and speaking with parents as they teared up over the idea of sending their little ones to school for the first time. Learning that next year's kindergarten students will be the high school graduating class of 2032 really hit home for many.

Thank you to community partners including: **Steve Wallen Swim School** and **Studio Movie Grill (SMG)** for helping out and sharing information about SMG's **Chefs for Children**, a program that donates a portion of its proceeds to the special needs children in our community. I would also like to thank the Rocklin and Whitney High School students, our staff, and Board of Trustees, who volunteered, and spoke with students and families, each of whom modeled kindness, generosity and the spirit of volunteerism for the youngest members of our community.

For more information and to register your child online, please visit: [www.RocklinUSD](http://www.RocklinUSD).
