

Experience Learning

Interactive adventures in
Science-Technology-Engineering-Art-Math

Class fee (R) \$15; (NR) \$25

Materials fee \$52

Seasonal workshops offering *unique experiences* specifically designed to increase **social interaction**, **critical thinking skills**, and **physical movement**.

Students will be involved in designing and creating solutions for a variety of **science** and **engineering** concepts and situations. Classes will integrate many activities (OUTSIDE whenever possible) such as *building, baking, painting, and real-world activities for hands on fun!*

Elementary STEAM classes meet at 2650 Sunset Blvd. Rocklin
