July 1, 2019

Dear Parent or Guardian,

The Healthy Schools Act of 2000 (AB2260) was signed into law September 2000 and requires that all schools provide parents or guardians of students with annual written notification of expected pesticide use on school sites. The notification will identify the active ingredient or ingredients in each pesticide product. Information on pesticides and pesticide use can be obtained at the following internet address: (<http://www.cdpr.ca.gov>).

Parents or Guardians may request prior notification of individual pesticide applications at the school site. Registrants shall receive notification of at least 24 hours prior to application. If you would like to be notified each time the district applies pesticides or have any questions concerning AB2260, please contact the Rocklin Unified School District Maintenance and Operations office at (916) 624-5771. Rocklin Unified School District's Integrated Pest Management (IPM) Plan can be located at the District's website (www.rocklinusd.org) under the Maintenance and Operations/Grounds Department.

Sincerely,

Jim Gordon
Assistant Director of Facilities and Maintenance
Rocklin Unified School District
