## 2017-20 Plan Summary

### THE STORY

Briefly describe the students and community and how the LEA serves them.

#### Our District...

The Rocklin Unified School District is located in historic Placer County where the community is family oriented and semi-rural. Rocklin grew as a town because of an extensive granite quarrying industry and was a division point on the Southern Pacific Railroad. Situated in a region of gently rolling low ridges and oak dotted valleys, it was a winter setting for Indian camps as well as the permanent Chinese colony plus the Finnish, Spanish, and English settlers. In the days between 1864 and 1908, approximately 50% of the population was of Finnish origin.

Early newspaper accounts pinpoint the Rocklin School District being formed in August 1866. The first school was located on the Ray Johnson Ranch in the area of Fourth Street near what is now the ballpark. By 1881, there were 132 pupils enrolled with a staff of two

teachers. In April 1885, a new school was built when the old school burned. The new school had four rooms three teachers, and 180 students. By 1899, the teaching staff had grown to four. Just fifty some years later, in 1952, there were 2,000 residents in the community with a school enrollment of 370 students, nine teachers and one principal/teacher. The District was 11.5 square miles. Thirty-four years later, in 1986, there were three schools in the elementary district. High school students attended Del Oro High School in Placer Union High School District and Roseville High School in the Roseville Joint Union High School District. On April 8, 1986, a unification election was held in the community. This election was successful, and on July 1, 1987, the unification was effective. Since that time, there has been rapid change and growth in the community and in the District. The District is now approximately 19 square miles.

In 1991, Cobblestone Elementary School was opened. One year later, Antelope Creek School began operations and Breen Elementary commenced mid-year in March 1995. School year 1993-94 was a special year for the Rocklin Unified School District as Rocklin High School opened its doors to a freshman class, the future class of 1997. Each year thereafter, one grade level was added. In spring 1997, Rocklin Unified School District graduated the first Senior Class of Rocklin High School. In 1996-97, the District opened a Continuation High School. In 1999: Twin Oaks Elementary School opened its doors to 500 students and Granite Oaks Middle School opened. The winter of 2000 brought a new campus and home for the Rocklin Alternative Education Center. In the fall of 2000 Spring View Middle School opened after extensive modernization and build-out. In the fall of 2001, Valley View Elementary and Sierra Elementary schools opened and in the fall of 2002, Rock Creek Elementary opened. The district's second high school, Whitney High, and the district's tenth elementary school, Ruhkala Elementary opened in the fall of 2005. The district's eleventh elementary school, Sunset Ranch, opened in the fall of 2010.

In 2013 the District's Independent Study Program was converted into a dependent charter school "Rocklin Independent Charter Academy" (RICA).

Rocklin Unified School District is recognized for its commitment to the optimum development of each learner and to the belief that all students can learn. Students acquire basic skills and develop their own special capabilities. The District provides a strong and balanced instructional program with a major emphasis on academics.

The elected Board of Trustees has a clear vision as to the attributes of quality education and is committed to continuous dialogue with parents, staff, and the community to ensure that continuous improvement is a reality in Rocklin Unified. These Trustees individually and collectively are open and responsive to the needs of all students. Meaningful involvement of employees and parents is highly valued by the District. Advisory committees are encouraged and active at all levels of the operation.

### **Our Students...**

The Rocklin Unified School district serves approximately 11,594 students from Transitional Kindergarten through twelfth grade. In 2015-2016 the percentage of unduplicated students receiving free or reduced priced meals, English Learners, and foster youth was 20.8. 2244 students were socioeconomically disadvantaged, 19 students were in foster care, and 481 students were English Learners. Through our stakeholder engagement process and strategic planning throughout the district, actions and services have been implemented and monitored

in order to meet and exceed the needs of all student groups academically, behaviorally, socially, and emotionally. With the three LCAP goals focusing efforts on academic excellence, support, safety, and adult professional capacity, students in Rocklin graduate college and career ready.

### **Our Staff...**

The Rocklin Unified School District is served by a five- member Board of Trustees and led by a Superintendent and a cabinet consisting of one Deputy Superintendent of Educational Services, one Deputy Superintendent of Business and Operations, an Assistant Superintendent of Human Resources, a Senior Director of Facilities & Maintenance and Operations, a Chief Technology Officer, a Director of Secondary Programs and School Leadership, a Director of Elementary Programs and School Leadership, a Director of Special Education and Support Programs and a Chief of Communications and Community Engagement. Each elementary school has a principal and Sunset Ranch Elementary has a full time assistant principal. Both middle schools have a principal and assistant principal. Both high schools have a principal and three assistant principals. Victory High School has a principal who also serves as administrator to the Rocklin Independent Charter Academy along with an assistant principal.

The teaching staff in Rocklin Unified is one of the finest in the state. The instructional staff has developed a challenging, innovative, and integrated curriculum which reflects the most advanced educational ideas. It is dedicated to addressing the unique needs of the District's students in order to prepare them for the twenty-first century. In addition to the classroom instructor, there is a compliment of support staff that includes counselors, psychologists, behavior specialists, a mental health specialist, secretaries, librarians and library aides, nutrition services personnel, bus drivers, maintenance staff, as well as custodians, LVNs/Health Aides, interpreters, instructional assistants, noon duty/crossing guards, and computer technicians.

**The Rocklin Unified School District takes pride in its students, its staff and the community.**

## G3: ACTIONS AND SERVICES:

## REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Rocklin Unified School District performed in the “Very High” category overall for the Graduation Rate indicator, in the “High” category overall for the Suspension Rate, English Learner Progress, English Language Arts (3-8), and Mathematics (3-8) indicators. The performance categories were “High” for our English Learners in the English Learner Progress, English Language Arts and Mathematics indicators. The performance categories for our Socioeconomically Disadvantaged students were “Very High” for Graduation Rate and “High” for Mathematics.

## GREATEST PROGRESS

Our LCAP actions and services have led to improved performance for our targeted students. The Technology Loan Program, in which students who do not have access to a computer and internet at home are issued District devices to support their learning. The Foster Youth Individualized Success Plan and tutoring has provided timely and effective support to meet the needs of student in foster care. In addition, our focus on providing Multi-Tiered System of Supports for students academically through the implementation of a system wide plan for assessment, progress monitoring, and intervention, and behaviorally with Positive Behavioral Interventions and Supports (PBIS) has improved performance for our targeted students. Finally, our focus on building individual and organizational capacity through the implementation of professional learning opportunities through our Teachers on Special Assignment has increased and improved performance for our students. These actions and services are continued and expanded in this plan.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

## **GREATEST NEEDS**

The overall RUSD performance for all state indicators were in the “Green” and “Blue” category. While RUSD did not have any overall performance in the “Red” or “Orange” categories, we have identified a need to focus on improving the student performance on the Suspension indicator by specifically focusing on the continued implementation of PBIS at our TK-8 school sites and positive alternatives for suspension practices at all of our sites. (LCAP Goal 2, Actions 12 and 13) In addition, as a result of our extensive stakeholder engagement, we have identified the need to increase the academic and social-emotional interventions, including bully prevention, provided during the school day. (LCAP Goal 2, Action 14)

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

## **PERFORMANCE GAPS**

For the Suspension indicator, the performance level for Students with Disabilities was “Orange” and All Students was “Green”. The steps RUSD will take to address the performance gaps for our Students with Disabilities concerning suspension and behavior is to continue to expand our implementation of Positive Behavioral Supports and Interventions (PBIS) at all TK-8 sites across the district (Goal 2, Action 12) and every site will research and implement best practice for restorative justice in lieu of suspension when appropriate (Goal 2, Action 13).

The performance levels for Filipino and Two/+ Race student groups was “Yellow”, Students with Disabilities was “Orange”, and All Students was “Blue” on the Graduation Rate indicator. To address these gaps we will determine the number of students with disabilities receiving certificates of completion and communicate the district philosophy around support for students. A committee will conduct case studies regarding general education students who are dropping out in order to determine strategies that intervene at a critical point in their school career and to support families with the social capital needed to navigate the school system.

## **INCREASED OR IMPROVED SERVICES**

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

Based on staff and stakeholder feedback and research on effective practices, we are implementing 21 LCAP Action/Services to improve services for socio-economically disadvantaged students, English learners and foster youth. Significant actions to improve services are:

- increased access to learning in transitional kindergarten and kindergarten (LCAP Goal 1, Action 2)
- counseling services for college and career readiness (LCAP Goal 1, Action 3)
- targeted academic and linguistic programs for English learners (LCAP Goal 1, Action 4)
- instructional support provided by Instructional Aides throughout the district (LCAP Goal 2, Action 1)
- targeted academic interventions (LCAP Goal 2, Action 2, 3,4,5)
- safe and efficient transportation (LCAP Goal 2, Action 10)
- professional learning provided Teachers On Special Assignment ((LCAP Goal 3, Action 2)

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall, the actions and services were implemented as planned. As addressed above for each action, the district was able to increase support and funding for AVID tutoring (Action 9), the Technology Loan Program (Action 5), and PSAT testing (Action 11).

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The effectiveness of the academic actions and services as implemented to achieve Goal 1 is demonstrated through the California Dashboard. For example, the overall performance levels for ELA and Math grades 3-8 were high or “Green”. The Graduation Rate indicator for all students was very high or “blue”. The English Learner indicator was high or “green”. In addition, the English Learner student group performance level in English and Math was high or “green”. The Socioeconomically Disadvantaged student group was high or “green” in Math and very high or “blue” in the Graduation Rate indicator. Effectiveness was also demonstrated through district annual outcomes. Growth was evident in the areas of ELA, AP testing, UC/CSU A-G requirements, and EL reclassification rates. Growth is still needed in the area of students meeting/exceeding standards on Math assessments, increasing the completing of A-G requirements for Hispanic students and the graduation rate for students with disabilities. While these outcomes did show improvement, RUSD is expecting more improvement in the future with continued implementation.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

For Goal 1, material differences in the amount of \$5000 and 20% occurred in Action 1 and Action 5. For Action 1, all funds allocated to instructional materials from the Restricted Lottery fund were expensed and actions implemented as planned, however the variance occurred due to a carryover

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

amount. The variance for Base funds was due to the secondary ELA 5 year payment option, which reduced the cost for 2016-2017. For Action 5, the pilot of the Technology Loan Program to support students who do not have access to the internet or a device at home was successful. To expand the program, funds were allocated to purchase 50 more devices for student use, thus the variance of funds planned and actually expensed.

In 2017-2018, planned actions for Goal 1, Actions 11 and 12 were added based on our analysis of the California Dashboard and stakeholder input. Action 11 addresses the student groups with a performance level 2 or more below “all students” for the Graduation Rate Indicator. Action 12 addressed stakeholder input as well as District Strategic Plan Result statement 2.5 to leverage resources to create more opportunities for personalized and differentiated learning for our targeted student groups.

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

## Goal 2

Rocklin Unified School District will ensure that staff continually build capacity through professional learning and growth opportunities to support student achievement and success.

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8

COE 9 10

LOCAL RUSD Strategic Plan Strategy 3: We will continuously build individual and organizational capacity, and seek additional resources and partnerships to fulfill our mission.

### ANNUAL MEASURABLE OUTCOMES

#### EXPECTED

1. Increase participant perception of growth in knowledge/skills as reflected in all PD evaluations, and maintain ratings of 4-5 (using a 5 point scale) in participant confidence to implement new learning
2. Establish a baseline number of classrooms visited and next levels of work established as a result of learning walks targeting site/district instructional problems of practice
3. Establish a baseline number of lesson study/peer observations sessions as reported by TOSA/principals.
4. Maintain 99% or higher Highly Qualified Staff
5. Maintain 100% fully credentialed teachers placed in the appropriately assignments

#### ACTUAL

1. Professional Development surveys throughout the school year indicate growth in knowledge/skills for every offering provided. Using a 5 point scale, participants indicated an average 1.46 points of growth in knowledge before the learning compared to after the learning. The average rating for confidence to implement new learning was 3.89 on a 5 point scale, an increase of 0.15 points from the previous year.
2. 4 secondary and 4 elementary learning walks were conducted at 8 sites across the district. Classroom data was collected that generated next levels of work around mathematics implementation (elementary) and increasing student engagement (secondary).
3. 9 Lesson Study sessions in the area of mathematics were implemented at two elementary sites.

- 4. In 2015-2016, 99.8% of teachers were Highly Qualified
- 5. In 2015-2016, 99.5% of teachers were fully credentialed and placed in the appropriate assignments. We had one internship and two teachers with emergency credentials

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of actions and services to continually build staff capacity was implemented with five Teachers on Special Assignment instead of six as planned. Professional learning opportunities were provided according to the District Professional Development Plan in alignment with the LCAP goals and Strategic Plan Activated Actions.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The effectiveness of professional learning is demonstrated in the high and very high performance levels on the California Dashboard for all indicators. According to the district actual outcomes, staff confidence to implement learning increased slightly compared to the previous year. Outcomes regarding professional development indicate a need to continue providing professional learning especially in the areas of ELA and MTSS in order for teachers to feel more confident to implement with fidelity. In addition, the implications for transformation as a result of Instructional Rounds has informed teaching and learning and the direction of professional development provided, therefore classroom observations will continue in the coming years.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

For Goal 2, material differences in the amount of \$5000 and 20% occurred in Action 1 and Action 2. For Action 1, more funds were expended due to the use of carryover funds from 2015-2016 in 2015-2016 Mandated Costs Grant and Educator Effectiveness funds. For Action 2, the material difference occurred as a result of not filling one TOSA position.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

This Goal will become Goal 3 in the 2017-2018 school year, in alignment with the District Strategic Plan Strategies. Teachers on Special Assignment will continue to provide Professional Learning to build staff capacity. In addition, TOSA time will be restructured to support intervention for students in Goal 2, with the addition of 1.5 TOSAs as indicated in Goal 2 Action 2.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall, the actions and services to achieve Goal 3 were implemented as planned with the exception of after school tutoring services in Action 2, Mental Health First Aid in Action 6, and bully prevention practices in Action 15. Regarding Action 2, the district was able to increase services for tutoring provided to English Learners and will focus on intervention during the school day to support student achievement. Mental Health First Aid was not provided this school year as mentioned in Action 6. Lastly, bully prevention will be a priority for our tier II PBIS schools in the 2017-2018 school year.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

These actions and services have been effective as indicated in the California Dashboard in the areas of Academic Performance, School Conditions and Climate, and Academic Engagement with very high (blue) and high (green) performance levels overall. In addition, the actual outcomes indicate that students continue to feel safe at school and parents continue to agree or strongly agree that students are safe at school. All facilities are in good condition. Areas of focus for 2017-2018 will be bully prevention as outcome 2 was not met and decreasing the performance gap for specific student groups in the Graduation Rate indicator and the Suspension indicator. Outcome 10 regarding Distinguished Community Service for graduating seniors will not be included as an indicator in the 2017-2018 school year since the focus of our Strategic Plan and Goals have shifted from community service, while still a priority.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

For Goal 3, material differences in the amount of \$5000 and 20% occurred in the following Actions:

1. More funds were needed to provide high quality service for our students with disabilities
2. After school tutoring was not provided to the extend originally planned, intervention services will be increased during the school day beginning in the 2017-2018 school year
3. The cost to support the learning center model at SVMS was less due to placement on the salary schedule
6. Mental Health First Aide was not provided as planned decreasing the expenditures
7. MTSS expenditures were less than expected due to varied needs of each school site
8. Tutoring services for English Learners was increased
11. The amount budgeted originally was less than the amount needed due to limited Supplemental funds available to budget. With the availability of funds due to position vacancies, this action was fully funded
16. School Based Therapy services were increased to provide support at all schools

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Beginning 2017-2018, this goal will be Goal 2, in alignment with the District Strategic Plan Strategies. The tardiness rate and distinguished community service outcomes will not be included in the 2017-2018 plan as this data is not necessary to determine effectiveness of actions and services. All other expected annual outcomes will remain the same in the 2017-2018 school year in alignment with the state and local indicators. As a result of stakeholder engagement, Multi-Tiered

System of Support (MTSS) intervention services and TOSA support will include Tier I coaching, data analysis and Tier II-III services for students in need, giving priority to targeted students as indicated in 2017-2018 Goal 2 Action 2. In addition, a social-emotional and behavioral focus of MTSS will be in the area of bully prevention through PBIS as indicated in 2017-2018 Goal 2 Action 14. All school administrators will research and begin to implement, where appropriate, restorative practices and alternatives to suspension as indicated in 2017-2018 Goal 2 Action 13

Strategy 4: We will ensure vital engagement between schools and their stakeholders, including families, community, higher education, and media to support student success.

### Identified Need

RUSD has identified the need to continue many of the actions currently implementing in 2016-2017 including the implementation of California State Standards as we adopt new ELA/ELD, History/Social Science, and Science curriculum, early education, college and career counseling, and Career Technical Education. Based upon the RUSD California Dashboard data, we identified the need to add Action 11 addressing the performance gaps for specific student groups in the Graduation Rate Indicator. ## Goal 2

Rocklin Unified School District will provide support systems for learning (during both the school day and after school) and provide safe schools with healthy climates where all students have the opportunity to achieve at high levels.

### State and/or Local Priorities Addressed by this goal:

STATE  1    2    3    4    5    6    7    8  
 COE    9    10

LOCAL RUSD Strategic Plan:

Strategy 2: We will provide a system of academic and social-emotional supports in a culture of acceptance for all students to be respectful, self-aware, resilient, and high functioning individuals.

### Identified Need

RUSD has identified the need to continue many of the actions currently implementing in 2016-2017 including intervention and support through instructional aides, summer school, night school, Multi-Tiered System of Supports, tutoring for English Learners, free transportation for targeted students, Positive Behavioral Supports and Interventions, and school based therapy. As a result of stakeholder input and data analysis, Goal 3, Actions 13 and 14 were modified to increase actions for bully prevention and restorative practices as alternatives to suspension, when appropriate.

Strategy 3: We will focus as well as amplify individual and system capacity to promote organizational transformation.

Identified Need

In order to meet all state priorities and LCAP Goals 1 and 2 above, building capacity is a vital priority. This work is supported by our Teachers on Special Assignment (TOSA) who have proven to be very valuable. In fact, staff and parents alike indicated the need to continue providing support via TOSAs in the district.

# Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year

2017–18    2018–19    2019–20

Estimated Supplemental and Concentration Grant Funds:

\$3,503,011

Percentage to Increase or Improve Services:

3.77 %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

According to the minimum proportionality percentage calculation of 3.77%, services provided for EL, FY, LI, and Homeless (targeted) students in RUSD have been increased and improved as compared to services provided to all students accordingly and are described below:

- Refined and increased counseling support for targeted students at the secondary levels to increase successful transitioning and college/career goals (Goal 1, Action 3) \$279,980
- Refined and improved services to our EL population through a trainer of trainers model of professional learning, supporting language across content areas. (Goal 1, Action 4 and Goal 2, Action 5) \$1,062,579
- Increased technology and internet access for targeted students in need. (Goal 1, Action 5) \$21,332
- Improved communication pathways through the Chief of Communications and a District Communications plan that will improve services to targeted students and families.(Goal 1, Action 9)
- Priority access to interventions during the school day for targeted students (Goal 2, Action 2) \$158,860
- Development of the Learning Center Model and services to provide academic support and intervention for a cohort of targeted students at Spring View Middle School (Action 2.3) \$45,000
- Increased and improved enrichment summer school opportunities for targeted elementary students in a STEM based program (Goal 2, Action 5) \$155,976
- Provide progress monitoring tools and professional development provided by our Teachers on Special Assignment supporting UDL, and improved intervention programs that ensure targeted students receive effective first instruction (Tier I) and priority intervention services (Tier II) that results in increased/improved academic and behavioral outcomes for students of need. (Goal 3, Action 2) \$556,815
- Individualized support for foster youth and the establishment of a RUSD Foster Youth Task Force to target the needs of students increasing academic and social-emotional outcomes (Goal 2, Action 8) \$5,000
- Provide free transportation removing the barriers to attendance for targeted students. (Goal 2, Action 10) \$496,000

These specific actions and services quantitatively and qualitatively exceed the minimum proportionality rate to improve the educational program for our targeted students.

RUSD has created a system to support academic and social emotional excellence through:

1. Highly qualified and trained teachers, administrators, and support staff who can effectively integrate and implement twenty-first century teaching and learning through a well-defined system of professional learning. RUSD's instructional delivery system is built on quality classrooms and powerful teaching and learning for each student. The district's priority of providing high quality professional learning and coaching helps to ensure our teachers fully and effectively implement state and district initiatives, and continue to transform their practice. Our system of professional development, coaching support and learning, including time for evaluation and reflection, ensures that all staff are involved in a cycle of continuous improvement. This structure of adult learning and support is linked to high levels of student achievement (Hammond, L., 2005; *Leaning Forward*, 2014).
2. A program of robust early education, with strong emphasis on literacy and numeracy development. RUSD is committed to full day kindergarten programs to close achievement gaps between young children from minority and low-income families and their peers and by providing a solid foundation of learning to children from all backgrounds to increase all students' academic, social, and emotional success. Likewise, the district's support of resources for Transitional Kindergarten ensures all children are better prepared to succeed academically and emotionally in later grades, so they are less likely to be placed in special education or held back in later grades (National Education Association, 2006).
3. Multiple tiers of intervention focusing on literacy, numeracy and social emotional support. Well taught, systematic, differentiated instruction for all underperforming students improves student achievement (Tomlinson, 2001). In addition, early academic intervention has led to improved learning outcomes as measured on state assessments (Brennan, 2015). The district's plan for both academic and socioemotional interventions leads to student gains in social-emotional skills, improved attitudes about self, others, and school, positive classroom behavior, and increased performance standardized achievement tests (Elias, 2014).
4. District structures and systems supporting highly engaged families in meaningful and two-way communication. RUSD has intentionally designed both district and school level parent engagement structures and practices, to be inclusive of parent voice, sensitive to parents' backgrounds and experiences, utilizing a strength based approach to their partnership. RUSD makes it a priority to include parents on advisory committees and to provide them with multiple opportunities to be involved with their children's education, as this engagement practice is linked to overall positive student outcomes in school (Timar & Maxell-Jolly, 2012).

Therefore, Supplemental LCAP funds were allocated districtwide for all students in the following actions and services, which were identified among the alternatives available, as the most effective use of funds to meet RUSD goals for unduplicated pupils in the state and local priority areas:

- Full-Day and Transitional Kindergarten (Goal 1-Action 2)
- Family Engagement and Education (Goal 2-Action 6)
- Administrative and Operational Service (Goal 2-Action 16)
- Interventions and Supports (Goal 1-Actions 8, 11, 12 and Goal 2-Actions 1, 2, 3, 4, 5, 6, 12, 13, 14)
- Professional Development provided by Teachers on Special Assignment (Goal 3-Action 2)

# Local Control and Accountability Plan and Annual Update Template Instructions

## Addendum

*The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.*

*For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.*

*If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.*

*Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.*

## [Plan Summary](#)

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

## [Budget Summary](#)

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted

expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.

- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)
- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

### Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's\* approved LCAP. Minor typographical errors may be corrected.

For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

### Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

### Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

### Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.

- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

## Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

**Instructions:** The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

**School districts and county offices of education:** Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

**Charter schools:** Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

## Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

**School districts and county offices of education:** The LCAP is a three-year plan, which is reviewed and updated annually, as required.

**Charter schools:** The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### **New, Modified, Unchanged**

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

## **Goal**

State the goal. LEAs may number the goals using the “Goal #” box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

## **Related State and/or Local Priorities**

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

## **Identified Need**

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

## **Expected Annual Measurable Outcomes**

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

## **Planned Actions/Services**

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

### **For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement**

#### **Students to be Served**

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

## Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

### **For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:**

#### Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

#### Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

**For charter schools and single-school school districts**, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

## Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

### Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

#### **New/Modified/Unchanged:**

- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
  - o If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

**Note:** The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

**Charter schools** may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

## Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the “Demonstration of Increased or Improved Services for Unduplicated Students” table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

### Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 CCR) Section 15496(a)(5).

### Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in 5 *CCR* Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).
