School Description

Antelope Creek Elementary opened in 1992 and is one of sixteen schools in the Rocklin Unified School District. The school serves students in grades kindergarten through sixth grade, with an enrollment of approximately 500 students. In addition, the campus is home to two of the Transitional Kindergarten classrooms available to students in the district. The school is located in the center of a dynamic and supportive community which expresses its values toward education through a high level of participation.

Antelope Creek Elementary School's staff, students, and parents make up an exemplary community of learners. The focus is on the development of lifelong skills in a caring, dynamic environment which fosters self-esteem and individual development. A great deal of value is placed on the many ways to approach learning and the different experiences and opinions each person brings to the learning process. The staff recognizes that making learning meaningful to the student enhances the learning. Therefore, subjects are presented in thematic or integrated units whenever possible. Along with the academics, emphasis is also placed on the development of student responsibility and initiative through the PBIS curriculum on campus.

Parents play an important role at the school through active participation and involvement in School Site Council, PTA and district committees. They share information with classes about professional lives, teach special skills (art, music, and sports), work on school or playground improvements, conduct fund-raisers, and make donations. Parents regularly volunteer their services in the classrooms. The school has become a focal point in the community and our facilities are used frequently by our community groups.

School Mission Statement:

The mission of Antelope Creek Elementary, a collaborative community where diverse strengths, abilities and gifts are celebrated, is to develop life-long learners and leaders and to foster academic success through a system distinguished by:

- A safe and welcoming environment
- Partnerships between staff, students, parents and community
- Growth and self-confidence through leadership opportunities
- Innovation in teaching and learning

School Motto:

Together We Learn,

Together We Lead.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

Antelope Creek is located in a beautiful setting on nine acres. A focal point of the school is the centrally located courtyard with an outdoor stage. The multipurpose room hosts a basketball court and a stage with full lighting and sound equipment. The library houses a growing collection of 8,000 books, a computerized library checkout system, and a four-station computer reference area. The thirty-station computer lab and the computers in the library, classrooms, and administration building are all linked by a fully networked computer system. All K through 6th grade classrooms have been upgraded with Smart Classroom Technology.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. District maintenance ensures that the repairs necessary to keep the school sites in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Parental involvement is available through our school's Site Council, Parent-Teacher Association, field trips, and general classroom volunteering. Our PTA has monthly meetings and they provide many enrichment opportunities, donations, and assistance with general school improvements. The office coordinates parent volunteers who are welcomed into all aspects of the school day and who are active in helping on campus. These opportunities include: helping in the classroom, field trips, picture day, and special school events. Emphasis for the past two years has been placed on presenting our students with more enrichment activities. Parents in the community have stepped up to get involved with these after school clubs by volunteering their time and leading groups in activities like drama, Legos, coding, and sports. Antelope Creek has also made a concerted effort to evaluate and enhance both our internal and external forms of communication to increase parental involvement. Two examples would be our school application which contains community information and allows for push notifications and our virtual backpack which was launched to keep a library of accessible parent information electronically. The goal is to continue to upgrade these systems of communication to further increase involvement in the community.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

All schools in the district have a comprehensive School Safety Plan approved by the School Site Council. It includes an assessment of the current status of school crime, procedures to notify teachers of dangerous pupils, disaster procedures, child abuse reporting procedures, discipline rules and procedures, dress code, policies regarding suspension/expulsion, sexual harassment policy, procedures for ingress and egress. It also includes an action plan for the implementation of the plan. Antelope Creek is in year four of implementing Positive Behavioral Intervention Supports (PBIS) on campus. Two years ago we were awarded GOLD status by the state and this year they were awarded for their accomplishments in this area. Antelope Creek students are consistently acknowledged for their positive behaviors and are regularly taught behaviors using our acronym CARES (Courteous, Achieve goals, Responsible, best Effort, Safe) in all areas of the campus. Another focus area for staff has been on supporting students from a social emotional perspective. Over the past several years we have built a multi tiered system of support to address the behavioral and social emotional needs of our students alongside our academic program. This includes both individual and group social skills instruction, individual and group emotional supports, and a purposeful effort to create a connection to their school through enrichment programs, leadership opportunities, and special events.

The Safe School Committee and School Site Council has been responsible for assessing and implementing procedures that promote student safety. The Safe School Plan focuses on increasing student and staff awareness of bullying behaviors and strategies to deal with bullying, and opportunities to consistently reinforce procedures, school rules, and recognize positive student behaviors. We review safety issues regarding crisis response, implementing drills at recess, and planning for a school wide evacuation drill. This plan is also completed in consultation with local emergency response agencies and is updated on an annual basis.

Suspensions and Expulsions

Expulsions	0.0	0.0	0.1	0.1	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.01%	0.0%	
Expulsions	0.0%	0.0%	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
